

Public Facilities

Idea	Dots
Improve police facility	10
Need new police / town hall	9
Why do we need a very expensive new police station when a reno would do for about 1200 residents	5
Pass the Campus Plan	4
Give the police the entire lower level of the Dunaway (+1)	2 Dot for each entry
Police station - whole new building	2
New Town campus (+1)	2 Dot for each entry
New police station - support OPD	2
High speed internet	2
Fiber optics for internet (high speed)	2
We need the best and brightest "tech" people!	2
Burying the power lines	2
Revamp our loading zones and crosswalks. We break the law daily and don't seem to come with a solution	2
Make the Facilites and Needs part of the Comp Plan. Should never have been separate, it is the center of it.	2
New building? Renovate school house / Dunaway - solar	1
State of the art main campus with PD, Town Office, Community Center	1
20 year capital facilities plan - repair, replace, maintain	1
Improve Town office, police / fire facilities to meet new needs of this expanding town. It needs to be safe for our workers.	1
Create a satellite police / CSO facility at main beach and staff it at night after 5.	1
Upgrade sewer system	1
Food choices at Footbridge Beach	1
EV charging stations	1
Create a multi-room, multi-use community center; continuous improvement of cellular signal	1 Note: unclear for which idea the dot is given
Maintain our town properties	1
Solar panels	1
Each Group should not have its own budget. There should be one budget for improvements and a committee to identify priorities.	1
Better facilities for police department	

Communicate clearly the option for new construction versus renovation for Town Hall / PD

Parking

Build a stand-alone police department

Need to update / modernize facilities for 21 century

Demolish the old village school

Improve public facilities, fix OVS

Do something with OVS

Love the Village feel of downtown; fix police facility

Pay the lifeguards enough \$ / staff lifeguards after 5pm at low tide, especially.

Hire a Natural Resources Manager

Handicapped parking throughout town

Move sewer department away from ocean - relocate it to safer place

Sewer district relocation

Get sewer plant out of floodplain

Do a better job of inspecting septic systems

Prioritise any new building or renovations for Town by need rather wants.

Workshop for internet

Employee housing at the old dump

Cross-ref: housing

The best internet and cell service

Love the redone Beach Street bathroom and shower facilities

Fix sidewalks.

Air quality issues in buildings need to be addressed

Better PA system in the (Dunaway) auditorium

Clean Ocean

More public restrooms on beach and in town

OGT paid its share 6 years ago for a High School that has a large auditorium, only 5 miles away. Wait for Comp Plan before changing the Town's buildings. Let the voters decide and remember the fate of warrant article 53.

Put cameras on main roads in town - no need for officers to park and observe - revenue producer for town.

Same comment in Transportation.

Examine regional approaches to public services and facilities, given our fluctuating population summer v winter.

Town offices accessible to public safety with parking available.

Public safety services combined into one building.

Strengthen Parks & Recreation - funding for concerts
and other activities

Comment to me
from Gordon Lewis
by phone. He could
not attend.

Transportation

Idea

Dots

Note: total dots from multiple post-its

Town operated trolley (+3)	10
Crosswalk lights at all crossroads / timed crossings	3
Lower cost of trolleys, subsidise if necessary.	3
Free trolley service	3
Rent a bike! (+1)	3
Satellite parking (try a study)	2
Noise ordinance - loud cycles, cars	2
4 storey parking lot in lower lot	2
More flashing lights at crossings especially Obeds / Route 1	1
More flashing lights a crossings especially in front of Cornerstone / Rose Cove	1
Public relations to park and walk, tell hotels etc.	1
Bring the trolley parking back and reduce costs	1
More sidewalks to make walking safer	1
Close Shore Road, make one way certain times of year	1
Transportation from / to Wells Amtrak	1
Off site parking - trolley service	1
Illegal loading zones and crosswalks must be addressed before we kill somebody	1
Better enforcement of parking rules	1
Parking lot by tennis courts with van transportation to town / beach / cove	1
How do we legislate electric bikes?	1
Make free timed spots in Perkins Cove permitted parking only	1
Establish year-round public transportation especially for seniors and non-drivers	1
No driving into Cove end, just handicapped	
Sidewalk or walking lane on the other side of Shore Road	
15 mph Shore Road Library to Front Porch	
"Wave" community like Newport RI - flags on street poles informing people	
Get rid of crosswalk at Cornerstone and Rose Cove	
Walking lights on Route 1	
Incentivise hotels and private homeowners to encourage renters / tenants / guests to walk, or even basic education campaign.	

Note - belongs with another topic?

Relax, you're here! Get out and walk
Wheelchair accessible benches on Marginal Way
Bars for handicapped or people with mobility issues
Camera at bottom of Israel Head Road for speeders
Trolleys need to look nicer. No longer inviting and they are too expensive.
Subsidise the trolleys for residents (+1)

Trolleys too expensive for use as public transportation.
Trolleys are too expensive for families
Potential for business / community subsidy of trolley services
Trolley one fare both ways
Trolley day pass
Sidewalks on both sides of Beach Street and Shore Road

New sidewalks on multiple roads / streets (also:
Sidewalks, Berwick Road - Transfer Station to Route 1)
Better lighting (solar lights) especially for paths off the Marginal Way - not the Marginal Way itself. Improve night walking through better lighting.
No driving on Shore Road on Sundays in the summer
Transportation needed from Wells Amtrak to Ogunquit / provide local connector to Wells Transportation Center
Run shuttle from Wells to Ogunquit, possibly to Old Nick's Restaurant
A transfer stop for the Ogunquit and Wells trollies further north than the Regency, maybe at one of the cottage complexes like Sea Glass or Beach Dreams as there would be plenty of turn around room.
Transportation needed from Wells Amtrak to Ogunquit / provide local connector to Wells Transportation Center
Build a parking facility with shuttle service to / from Town
More and affordable town parking lot in the village in the future or maybe even now
Put public safety first and enforce our ordinances and laws for everyone
Need to reduce car congestion

Note: separate comments, same content

Encourage use of cabs, uber, beach buggy etc v personal auto. OGT is a walking town once you get here.

Bypass up Logging Road to Capt Thomas during season

Better signage for parking (where)

Signage when 3 beach parking lots are full

Satellite parking for big events (also just "satellite parking")

Better signage for Perkins Cove from Bourne Avenue

Look at options for remote parking with shuttle

Rotary at Beach St / Route 1 / Shore Road junction in Town

School Street one way seasonally

More police at bottom of Israel Head Road - speed

Put cameras on main roads in town - no need for officers to park and observe - revenue producer for town.

Specific "spots" assignments for yellow and blue shirts

One way traffic at Route 1 intersection @ Shore Road to Obeds

Bicycle laws not enforced

Roads are not wide enough for bikes, construct bike paths. (+1)

10 more taxis

Golf cart ubers

Free shuttle carts

More levels to lower lot - rent the top

Safety

Get ready for electric scooters, boards etc. Huge risk with no enforcement powers. OGT is on 4 sq miles - consider bypass for Route 1. Slow development until Comp Plan approved by voters.

Enforce commercial loading zone rules so crossing the street is safer.

Note: this same comment made for Public Facilities.

Housing

Idea

Dots

Provide housing for the elderly (Catholic Church site?) Keep people from having to move when they lose their partner and their income reduces.	
Limit housing because of over-development	6
Enforce rules around AirBNBs, Vacasa etc.	5
Year-round workforce housing? To attract people who aren't millionaires	3
Obstacles to housing families - cost too much? How to make it affordable? No school = no kids	2
More rental housing so young people apply for jobs	2
Land "old dump" low cost housing (old dump next to Transfer Station) / employee housing (+1)	One dot for each 2 post
Building needs to be intentional. What is the Town supporting?	2
Affordable housing - get over the stigma and consider need!	2
Affordable housing for seasonal workers	1
Consider a public/private initiative to secure / build housing for seasonal workers.	1
Expand resources for seasonal by creating an exchange programme for availability.	1
Allow live stock (chickens) in all town zones.	1
Slow development until a plan is formulated.	1
Enforce current ordinances; no tiny homes in single family zones; preserve old homes built before 1932, no matter where; slow development	1
More stringent zoning laws / enforce current zoning.	1
Your family lower income. No illegal immigrant taking up space available.	1
More condos / multi-family options west of Route 1	1
Higher density cluster housing to attract younger families	
Change zoning to accommodate housing for our employees	
Housing for business paid by business	
Create housing for seasonal employees by business owners (like Cliff House) and use that same housing for cheap winter rentals for low income people, temporary as it may be.	

Provide incentives for affordable housing
Host housing for seasonal employees to sign up
Provide dorm-style housing for young exchange students/ workers
Build family / employee housing.
Permanent housing to attract younger people to the Village.
Control destruction of Ogunquit's older and perhaps historic homes
Seasonal workers bus in from dorms or housing in another town.
Too many AirBNBs, condos, no zoning. Turn older hotels into housing for seasonal employees.
Housing for employees.
Town might consider buying hotels to house seasonal workers.
Meaningful expansion of housing requires expansion of utility services.
Loosen zoning regulations
Impact on downtown flow of traffic
Do we really want more housing?
Have a website that can identify housing opportunities available. If vacancies for hotel, make them available at a lower cost for unserved?
Enforcement of rental property guidelines
There is a capacity issue. Where would you build?
New housing development - no plan for future: shared housing with Wells for seasonal employees
Several towns in Mass request community members to sell their homes at less than market value (with a charitable tax credit) to allow police and firefighters to purchase homes.
Remove stigma of affordable housing (re: Stephen Eaton apts, Wells)
Allow for small /tiny homes to be on properties to alleviate potential homelessness.
Limit short term rentals

Recreation

Idea	Dots
Community center, summer camp, Rec Director, kids' activities	15
More pickleball courts - advertise the availability, where it is, when can you play	7
Ice hockey rink (+1)	Total for both post-its 7
Antiquated ordinances	6
Hire a Director of Recreation	5
Improve website that lists all activities and recreation (e.g., historical walks and talks are separate from other lists.	3
Bingo back at Fire Station (+1)	Note: 3 dots for 2 3 post-its 3
Pickleball, beach, kayak ramps	3
Better use of walking trails - group walking for hiking tours; online booking of courts; public restroom facilities; beach volleyball and races organised	3
Move basketball courts to Agamenticus	2
There are 143 members on an app to play pickleball in Ogunquit. Routinely 300 people play on 2 courts (and 2 transitioned courts). This sport is growing. Many tourists seek playing time. There is a considerable back-up. Goal: additional pickleball courts	2
One resource on line (on town website?) to find out what activities are offered - concerts, venues for tennis, golf at public course, links to Chamber of Commerce for their calendars.	1
Close school playground and basketball courts at sundown to hanging out.	1
Light the basketball court and resurface it. Refresh the playground.	1
Outdoor pool	1
Skating rink	1
More winter time activities	1
Trail maps - Agamenticus to the sea; OGT has purchased land, let us use it. Make bike trails also.	1
Community Center	
Age-friendly community center	
Community Center for kids activities and adult activities (+1)	
Community event	

Parks & Rec Director (+1)

Support a Director of Rec to organise and promote participation

Events at the Dunaway to help bring the community together / a social hour

Online list of facilities

Posted hours for all public facilities and pickleball courts, tennis courts, library

Play with other children

Buy up and protect undeveloped land (not buildings) - that's a quality of life issue.

Recreation should reflect the population that lives here. 60% over 60 years old, do we have the recreation that reflects that?

How do we encourage artists to live here year round? Possibilities for artistic, educational experiences. Ties into Ogunquit's cultural heritage.

Professional to create programmes and activities

Community space for all ages to use; summer programmes that are revenue generating; ice skating, sports, swimming.

We don't want activities like Old Orchard Beach

Communication

I like the idea of a whiffleball field - all ages can participate together

Need a Rec Director to organise technology for all activities

Love the music in the parks, preserve that, increase the variety.

Create off-street walking paths for all activities. Create recreational programmes for all age groups. Teach swim lessons / ocean safety. Establish recreational green space.

Winter activities for seniors (indoors).

Kiosk in Town Center for artists and the arts

Refresh playground, light the basketball court, picnic and recreation for kids in town.

Wi-fi town wide and beach wide

More programming and recreation options for children / seniors

Explore newest technology options

More contemporary music and art - 1990s onward

Flood area in winter for ice skating - part of Christmas by the Sea

There is a good variety of events and arts for the Town.
Rec Committee is doing a great job.
More community events at playhouse.
Tennis tour - pickle ball
Better use of Agamenticus Park
Are there enough tennis and pickleball courts?
Support popular pickleball
Ensure playground and basketball court remain;
increase pickleball court in town
Better place to launch kayaks for residents and non-
residents alike
Indoor pool
Survey results?
When does (the crossover point) for
recreation/entertainment take precedence over
residential or community environment
Support for all age activities to bring community
together
Bathroom facilities at tennis courts?
More lifeguards working when weather / tide is low
after 5.00 pm
Develop the old "Ballfield"
More town-wide multi-generational activities
More of a focus on art: galleries, shows, gatherings
How control use of drones
Public boat launching for small boats pulled by trailer
hitch
Invest in Agamenticus area, make it more welcoming.
A covered meeting area, refurbish baseball field. (+1)
Use playground next to Dunaway Center to install corn
hole, bocce and family orientated free games
Better town-wide branding to encourage use of
facilities
Convert OVS to a recreation facility.

Idea	Dots
less AirBNB and condos in neighborhoods x 2	6
buy more open space x 3	6
no commercial development due to size of town x 4	6
restrict the size of new residential development and enforce the limits on lot coverage	5
all zoning decisions to be made through lens of natural resources x 2	3
better monitoring of building near water bodies and septic systems x 2	3
fight degradation of home rule at state level	2
review and revise zoning to update for 21st century living	1
stop OGT land use until comp plan approved by voters	1
no tiny homes in single family zoning	1
Test water mouth up to source	1
limit commercial expansion	1
limit residential development	1
where would commercial development be implemented since it is generally tourist related	1
limit buildings near streams and rivers	1
downtown is full no more commercial development	1
no more bars	1
keep storm water on your property - smaller footprint, better filtration and native plants not just lawn x 2	1
storm water drainage not into river and natural filtration	1
create and protect green space for public use and conservation	1
develop robust downtown year round business district that serves residents	1
need to act now for sewer plant move	1

Land Use

Update ordinances to restrict over development
 development on vacant land across Route 1
 define home occupation vs work from home
 critical review of FEMA flood maps
 recycling efforts in town for tourist
 more affordable housing west of route 1
 subdivisions should have robust wooded buffers

run public water and sewer lines through west OGT to
lessen watershed and septic impacts x 2
protect trees - provide eco system services that cannot
be replaced by technology
define home occupation vs work from home
define AirBNB and include specifically in zoning
ordinances
put teeth in Historic Preservation and identify list of
keepers
plant more trees on Shore and Stearns road and route
1
larger lot sizes
encourage all property owners to join Great Works
Land Trust
water shed- dump next to transfer station
rental houses for 1 year contract
allow chickens in residential zones
restrict short term rentals
increase condo/multi family opportunities west of
route 1.
enforce housing. Many houses that are 3 stories on
our road that are not zoned for 3 stories
preserve our neighborhoods

Historical

Idea

Dots

better OHPC committee/appoint people to OHPC need a quorum x 2	54
Preserve historical buildings x 3	8
select board should invest resources to preserve our charm and character	6
save/repair Ogunquit Village School	3
ensure the OHPC has teeth/more authority/being side stepped for development x 2	3
information/education about OGT's history as a village and as a town. Communicate via museum exhibits, online and town signage. Communicate about our history at public events like Bonaire.	3
Don't restrict historic preservation zone to just downtown. OHPC should be able to opine on any Pre-1930 building anywhere in town	2
make sure OGT stories are preserved. Storytellers?	1
put teeth in planning board review process	1
too many businesses and big \$ people and developers side step the rules repeatedly and it must stop	1
need to balance historical restrictions with growth needs of a modern town	1
update the town campus while maintaining small town fee	1
Historic look of the town should be preserved	1
1930 is too recent for historical significance. Should be earlier	
bring a tea house back.	
create a video for an activity for tourists to view-maybe at the Levitt during the day	
replacing order homes helps the environment.	
Better sewer systems	
protect the quaintness of the town by informing people of the history of town	
codify the sense of place. Why do people come to OGT?	
enforce the current provisions regarding pre 1930 properties. Don't permit loopholes	

seasonal homes are often older/historic homes.
Protect them by assessing them at a lower rate that
reflects their seasonal usage and incentivize
preserving them

better communication on the Web/ development
more information on town website regarding
historical facts x 2

OGT's heritage = wonderful, but fragile. No
development Comp Plan approved by voters.
Preserve all buildibgs pre 1932 or 1930.

Publicize/create walks about the historical aspects
of the town/ support tours of Perkins Cove & other
historical areas x 3

It's an abomination that we don't allow OHPC to do
their job

tighten the 2005 zoning law prohiting formula
restaurants. Will be challenged and defeated.

documents by videos and interviews permanent
record of old times. Keeper of records at Winn
House

Economic

Ideas	Dots
need new community center/ police building	13
more year round businesses and activities , like ice skating in base ball park, pickleball, food trucks in the park	9
public wi-fi better technologies/ public wi fi x 2	6
regulate seasonal rentals and enforce	4
enforce the ordinances we have written around a buiness usage- sound ordinances, outdoor dining and lighting; parking; traffic flow; same for everyone	4
build a parking facility x 2	4
expand trolley services	3
we have reached "peak tourism" concentrate on improving quality of experience vs. quantity of visitors	3
every economic decision to be looked at through the lens of protecting natural resources	2
attract a more diverse population to live and work. Especially younger families	2
allow more outdoor dining x 2	1
no chain restaurants/ review and possibly change ordinances re chain restaurants / look and investment x 7	1
no more commercial development / already enough commencial development x 2	1
do a cost benefit of mass of tourists - benefit to town businesses v. cost to tax payers x 22	1
attract businesses that compliment our small town character, not T Shirt shops	1
maintain the restriction on heights and less condo development	1
revise ordinances. Zoning and Municipal ordinances x 2	1
second level on lower lot	1
farmers Market	1
local sales tax	
encourage year-round business in the downtown area. Not just ice cream and t-shirts	
create a fee like a local tax to keep tourist dollars in town	

diversify to attract start up businesses in tech that support hospitality also CPA, plumbers and electricians

the locals derive their income from tourism. No reason to complain for the 2-4 month hiatus./ business owners are a huge reason we have income. People visiting OGT also want to visit shops and restaurants. Business owners also love OGT and are not the enemy. x 2

Parking is a constraint. Need to maximize walking or taxis

move kids park to Dorthea Park

create more parking and then remove school house and replace with a police station

tighten chain restrictions to include hotels

freeze all development until the Comp Plan approved

do not need more development. Beaches are over crowded/ hotels are full in season/restaurants are full in season.

tighten the 2005 ordinance for formula restaurants/not good enough and I wrote the ordinance. It is weak, needs to be addressed, rewritten, and to protect the character of OGT redo town ordinances for corporate businesses.

Only 1 unit

build a parking facility.

no change in building heights

find ways to make town more accessible and friendly for families

planning board issues

better trolley services/ more frequent trolley stops/ hours of operation x 2

shared ride services

town needs to buy the trolley service. Would cut down traffic

increase fishing and farming community

different kinds of retail

limit short term rentals

increase tourism \$

don't change the restrictions on chains (hotel and restaurant) and be consistent

comp plan developed before work proceeds with B & F committee work

traffic patterns in the center

incentivize businesses that serve year round residents

Allow businesses to have outdoor sales, in line with agreed criteria

Allow businesses to display signs / flags showing they are open - especially during the off season.

Recognise that the business community is vital to the success of the wider OGT community

Natural Resources

Ideas

Dots

limit development along streams/ivers	6
storm water management study and do something about it don't just talk about it / make sure there is a robust, clear stormwater management plan that is enforced.	5
every decision made by the town needs to be done with a lens to protecting our NR	5
septic cleaning rules being enforced/ track septic pumping/ mandatory septic testing and cleaning and fines x 5	4
More enforcement of rules. Enforce dog rules and plover rules	2
enforce rules about cutting trees / protect trees: they clean our air and water/reduce our temperature/protect our soil/ protect biodiversity x 3	2
enforce rules at the planning board equally to all regardless who you are or what group you support	2
put adequate town resources to conservation and sustainability and appoint people to the committees and let them do their job	1
climate change sea level rise / damage to beaches and parking	1
storm water drainage plan not in river and go through natural filtration system x 2	1
support marginal way maintenance	1
increase filtration of water run off before getting to the river	1
give more visibility to improving water quality	1
create town survey for medical issues. There are many that have brain tumors on Ocean Street. Let's identify this? Air? We are next to sewage plant? Water? This should be all town.	1
need more staff dedicated to patrolling our natural resource areas, especially after hours and before life guard hours	1
additional mats at the beach	1
town wide vulnerability, study and learn effects of storms, high tides, and rising sea level for Marginal Way, beaches, Perkins Cove, etc	

find source of pollutants whether from adjoining communities or in town
install filters on the West Side of the Estuary no in the beach parking lot
clean up estuary waters-OGT River and cove. Find real source of source of pollution go from mouth upstream.
rain barrels to collect rainwater uring deluges
make sure we use accurate flood maps-using scientific data when creating shoreland zoning
need to preserve more land and between Berwick and Captn Thomas
Give money to those committees and resources to study the issues and develop and implement plans
preserve more land closer/closest to ocean/river
plant more bushes on marginal way on ocean side
plan more trees on Shore Rd and every street
why do we have a warrant to repair Marginal Way when the Marginal Way has a well endowed Preservation Fund
improve repairs to Marginal Way to preserve
require more permeable surfaces for new or reconstructed driveways, etc.
need to keep our oceans clean
Solar possible. "york land trust"
where do you post Maine Healthy Beaches daily/
FB and Insta posting of water quality at the beaches/need more public service advertising on pollution/solutions x 4
what are the community links between new housing developmebt and natural resources? Clear cutting of roads/ runoff/ sewer / inspectiuonsor proof of maintenance.
require home owners to keep stormwater on their property to allow it to filter naturally instead of diverting it to our streets and storm drains.
information/ education on wildlife habitats in ocean, estuary and woodlands.
establish conservation land.
develop real time reporting on swimming safety.
protect our beaches with the same level of dedication that we protect our parking revenue
visual posting of water conditions in the river

lines in the ocean for the disabled. Like in foreign countries

limit development along the marsh/ preserve a buffer along the river - shrubs and trees to filter run off

parking options for dropping off kayaks

resident and non-resident senior beach pass discounts. \$10.

more education on importance of estuary

Top Three in each area

Housing

Limit housing because of over-development	6
Enforce rules around AirBNBs, Vacasa etc.	5
Year-round workforce housing? To attract people who aren't millionaires	3

Public Facilities

Improve police facility	10
Need new police / town hall	9
Why do we need a very expensive new police station when a reno would do for about 1200 residents	5

Transportation

Town operated trolley (+3)	10
Crosswalk lights at all crossroads / timed crossings	3
Lower cost of trolleys, subsidise if necessary.	3
Free trolley service	3
Rent a bike! (+1)	3

Recreation

Community center, summer camp, Rec Director, kids' activities	15
More pickleball courts - advertise the availability, where it is, when can you play	7
Ice hockey rink (+1)	7

Land Use

less AirBNB and condos in neighborhoods x 2	6
buy more open space x 3	6
no commercial development due to size of town x 4	6

Historical

better OHPC committee/appoint people to OHPC need a quorum x 2	54
Preserve historical buildings x 3	8

select board should invest resources to preserve our
charm and character 6

Economic Development

need new community center/ police building 13

more year round businesses and activities , like ice skating
in base ball park, pickleball, food trucks in the park 9

public wi-fi better technologies/ public wi fi x 2 6

Natural Resources

limit development along streams/rivers 6

storm water management study and do something about
it don't just talk about it / make sure there is a robuse,
clear stormwater management plan that is enforced. 5

every decision made by the town needs to be donw with a
lens to protecting our NR 5

Galaxy

Idea

Help make Ogunquit not only welcoming to all but help promote forgiveness and understanding. Be kind to one another.

Put electronic sign on Route 1 to let tourists know when a lot is full so they will just move on and not just circle around.

Extend the Town borders past the playhouse for affordable housing.

Maintain balance between historic buildings and construction of new homes that are built to code. Need to keep some degree of small town residential look. Each year we see older homes disappear. What defines "historic?"

Improve Town facilities for the Police, Fire, and Town offices.

Buy green space to preserve a less-crowded look, if there is any left. We didn't buy Adams Island or Graham's field. Our loss.

Rise about historic contention and move forward. Trust. Sidewalks on both sides of Beach Street and Shore Road. 2005 ordinance prohibiting formula restaurants needs to be tightened up. It was put together as a reaction. It needs works. It will not hold up in courts. I have been talking about this since 2005.

Annual Town picnic.

End Town cronyism.

Attract young families.

Create Town spirit.

Make Ogunquit a UNESCO world heritage site.

Need bracelet for trolley.

Noise from motorcycles.

Take pride in our Town and be nice to each other.

Preserve historic homes, buildings, and aspects of our community.

Slow residential development.

Change Ogunquit (rich history, world class vs. quaint town in Maine)

Knock the Dunaway and school down and build a state of the art Town offices, police station with a replica of the school. Bigger playground for kids and maybe a water slide or activity center for children. Cut the trolley price to \$2 for adults and kids free. Get a gas station back here in Ogunquit.

More water showers at the Main beach.

Pedestrian zones (where would the cars go?)

Point the street lights at the Main beach parking lot down instead of towards the lighthouse. It ruins the night sky and blinds night viewers from the Marginal Way.

Work to bring the community together. Need to overcome the division.

Consider allowing property owners/non-resident tax payers to hold one seat of elected office to be a voice for those who love Ogunquit but have no voice. Taxation without documentation.

Most enjoy about Ogunquit

Sense of community - 2
Beautiful Place by the sea - 2
Marginal Way - 7
The beach - 7
Pickleball
Art scene
Shops and restaurants - 2
Open spaces
Places to walk - 3
Off season
Friendly people
Small town
Friendly police
Charming character
No franchise restaurants
Scenic vistas
Peace and calm
The people
Perkins Cove - 2

Change about Ogunquit

More recycling

Merchandise outside as long as it's not interfering with traffic and sidewalk

More preserved open space - 3

More parking -2

People complaining and always being negative

More police presence

Limit destruction of historic homes - 2

All-day trolley fare

Traffic - 2

Too many cars, not enough biking/walking

The light at Main beach parking lot blinds Marginal Way

Improve police/fire, Town office building - 3

After hours intoxication

More monitoring of cross walks

Pay Select Board members more

Parking fees are too high

More pickleball courts - 2

Show more respect to each other in public sessions

Adopt smart growth policies

Let seasonal owners taxpayers vote

Open flags

More cooperative spirit

Get rid of paying for trash bags

Too many sign posts on Main Street, mismatched fencing in Town and on the Marginal Way.
