

## Ogunquit Comprehensive Plan Committee

### Inventory (“Current State”) Chapters and Sub-Committee members

#### Overview

Our Committee is tasked with preparing a consistent Comprehensive Plan, which requires Inventory (or “Current State”, in plain English) chapters which fulfil the requirements of the Maine State Checklist. This part of the exercise focuses on data. The development of goals, policies and strategies fall outside our existing MoU with SMPDC. Our overarching target is to present the draft Comprehensive Plan to voters on the June 2024 warrant. Ample time for public consultation and input, including at least one public hearing as required by statute, is essential – making best use of the summer months.

This table sets out the running order we discussed and agreed at our January 5 meeting.

<b>Chapter</b>	<b>Subcommittee Members</b>	<b>Committee Meeting date</b>	<b>Posted to Town website (to SMPDC date)</b>
Natural Resources / Marine Resources	Pam Sawyer George Cundiff Steve Wilkos	February 16	February 10
Housing	Leslie Olear David Millward Chris Nobile	March 2	February 24
Transportation	Charley LaFlamme David Millward Alice Pearce	March 16	March 10
Economic Development	Sheldon Drucker Alice Pearce Mark MacLeod	April 5	March 31
Land Use	Mark MacLeod Leslie Olear Steve Wilkos	April 20	April 14 (March 16)
Historical / Archaeological	Sheldon Drucker Weston Elliott Mark MacLeod Javier Marin	May 4	April 28 (April 10)
Agricultural and Forest Resources	Mark MacLeod Weston Elliot	May 18	May 12 (April 17)
Recreation	Charley LaFlamme Chris Nobile George Cundiff	June 1	May 26 (May 12)
Public Facilities	Sheldon Drucker George Cundiff Weston Elliott	June 1	May 26 (May 12)

Climate change / sea level rise	Pam Sawyer George Cundiff Steve Wilkos	June 1	May 26 (SMPDC to provide draft no later than May 19)
---------------------------------	--	--------	---

We have yet to establish subcommittees for

- Fiscal Capacity and Capital Investment Plan (10 factual points; prompt re: strategy to explore opportunities to achieve efficiencies working with neighbouring towns)
- Population & Demographics (4 areas on the checklist: policies and strategies not required)

and to agree target dates for these subcommittees. SMPDC is preparing the chapter on Climate change / sea level rise and will send to the subcommittee for review by May 19.
